

HEATHSIDE SCHOOL
HAMPSTEAD

Photography Policy

Introduction

In accordance with our Safeguarding & Child Protection Policy we require your permission to use photographs of your children in our Newsletters, Website, Social Media, School 'TV' Screen and the Press. We would very much like to promote the success and achievements of the children but can only do so with your permission.

Although we allow parents and family to record school events by film, we do not allow strangers to do so (such as on school outings or trips to the Heath). We do hope that you will give your permission so that we can continue to film school plays and outings which is very much in the spirit of the school.

In accordance with requirements, any allegation made against a member of staff regarding the misuse of mobile phones and cameras in the school will be dealt with as set out in the school's Safeguarding and Child Protection Policy.

We adopt the following principles when using pictures:

- No picture of a single child will be used with a caption that includes their full name in the press or literature that is used externally, including the internet, except with the express permission of the parent/carer.
- No picture of a single child will be sent to the press without the express permission of the parents/carers.
- Pictures of groups of children will not be captioned with names in an order so children can be identified.
- Staff and parents must use their discretion when uploading onto the internet and sharing pictures via the web (e.g. Facebook, Twitter, Instagram, etc.).
- Children at Heathside are NOT allowed to upload pictures from school on to the internet. Please refer to our E-Safety and Acceptable Use Policies for further advice and information.

We adopt the following principles when sending information to the newspapers:

- Press releases are sent to a range of publications reporting on the children's achievements and school news. Please be aware that the newspapers do also have online versions of their papers.

We adopt the following principles when uploading information onto our website/social media:

- Pictures of children will be used but names will not be linked to the pictures.
- Pictures used to promote school achievements will be accompanied with a set of words relating to the story but will NOT (unless your permission is sought) include individual names.

We will distribute literature to the following:

- On-Line Prospectus: Current Parents; Enquiries and Prospective Parents; Senior Schools; Libraries; School Information Services
- Newsletters: Enquiries and Prospective Parents; Senior Schools

We will use pictures (with names) and named work of children around the school and on displays.
